1. Attached for your review is a revised agenda for the next meeting of our Executive Steering Group for Long-Range Strategic Planning. We have listed the items in order of decreasing priority as we see them, and have grouped them into "full discussion," "limited discussion," and "written status report" categories. We propose in this way to hold the meeting to 90 minutes.

2. Assuming you approve, we will schedule the meeting and proceed with the preparation of the issue papers and status reports which will go to the members at least a week in advance.
